CHAMOS COSMETIC CO., LTD.

Company Profile

As manufacturer, Chamos Cosmetic Co., Ltd., has been established since 1992 producing and developing the new trend of skin care products to maximize the benefits of daily skin care routine formulated by natural botanicals and various fruit extracts.

Also, we manufacture and supply our own house brand and OEM, private label as per specific requirements of our clients as well.

Products

Chamos ACACI MONSTER FOOT PEELING PACK

It is simple socks type foot masks, removes keratin or hardened skin by just one use and takes care of your feet smooth and soft.

Just put on our foot masks, and it will remove keratin over your feet, relieve smells from feet.

BLANSEN Centella Asiatica Extract 65 Cream

This is a highly concentrated cream containing 65% domestically sourced Centella asiatica extract. It helps soothe sensitive skin that has become irritated by external factors and promotes the development of healthy skin.

BLANSEN CENTELLA ASIATICA EXTRACT 50 BUBBLE CLEANSER

As a low-irritation bubble cleanser that reduces friction against the skin, this product features rich and elastic bubbles that provide gentle and comfortable skincare. With its mildly acidic formula, it helps balance moisture and oil, leaving your skin moisturized without any tightness after cleansing. Additionally, CICA ingredients effectively soothe the skin.

Chamos ACACI GLUTATHIONE BOOSTING AMPOULE

It is a double functional product with whitening and anti-wrinkle benefits. The potent Glutathione ingredient brightens dull skin, while the addition of peptides and vitamin ingredients boosts its efficacy.

Company Profile

We create safe cosmetics suitable for all skin types by blending herbal extracts sourced from Korean medicinal plants. As a clean and vegan beauty brand, we abstain from adding artificial fragrances and animal-derived ingredients, encouraging good daily habits through healthy cosmetics.

Products

awe' stachys affinis my fit firming mist serum 30ml

Our product combines the moisturizing effects of a toner, the nutritive benefits of a serum, and the luminosity of a mist all in one bottle. It instantaneously hydrates and revitalizes both the surface and deeper layers of your skin, letting you experience a refreshed, vibrant complexion.

awe' stachys affinis my fit firming mist serum 80ml

Our product combines the moisturizing effects of a toner, the nutritive benefits of a serum, and the luminosity of a mist all in one bottle. It instantaneously hydrates and revitalizes both the surface and deeper layers of your skin, letting you experience a refreshed, vibrant complexion.

awe' stachys affinis my fit tone up sun cream 35ml

Our sunscreen offers a smooth application and a refreshing finish. Its hydrating formula closely resembles that of a moisture cream, absorbing swiftly into the skin and naturally highlighting your skin's inherent radiance.

awe' stachys affinis my fit purifying cleansing gel 200ml

Featuring a mildly acidic pH of 5.5, our gentle and smooth cleansing gel. This composition ensures comprehensive hydration, from the deeper layers to the surface of your skin, supplying moisture to prevent dryness post-cleansing.

HumanDream

HUMAN DREAM CO., LTD.

Company Profile

In 2009 Human Dream was established in Korea to prevent aging and diseases through R&D efforts and manufacturing products. We focus on R&D to maintain healthy and beautiful skin as well as develop various high frequency devices and management programs to establish a comprehensive management system. Having passed clinical tests with flying colors, our products are supplied to general hospitals, dermatologists, and skin care clinics in Korea and 20 countries including the United States, China, and Japan.

In particular, Human Dream's flagship product of R 4 U Bioelectric Energy Therapy Device surpasses the limitations of conventional RF devices, receiving great attention from therapists all over the world.

Products

r4u is a hand therapy massage device based on bioelectric energy. A small amount (5~6V) of current called bioelectric energy flows through the human body to provide electric signals and delivery to maintain life. When bioelectric energy flow is not smooth, problems occur such as edema, lymphedema, low blood circulation, and obesity. r4u generates wave energy to provide a resonating movement through the therapist's body. This operation provides multiple benefits including meridian massage, acupuncture, lymph circulation, restoration of muscle fiber, reinforcement of muscle, promotion of blood flow, promotion of fat burning, and balance in the autonomic nervous system.

Humanpia Costech selected a "Buy-Jeonju" which is manufacturing technology and production ability were recognized in 2023.

Products

LUS Hyaluronic Acid Serum

(brightening & anti-wrinkle functional cosmetics)

Hyaluronic acid is a complex polysaccharide combined with amino acid and uronic acid that prevents penetration of toxins and bacteria into our body, and absorbs moisture a thousand times more of its body.

This high-functional, high-concentrate serum with various extracts that provide ample nutrition to skin including an antioxidation effect and wrinkle improvement, niacinamide and adenosine will make your skin moisturized and supple.

LUS Hyaluronate Serum make your skin young and radiant through anti-aging and hydration.

LUS Jeonju Minari Mask Pack & Mist Set

It contains Jeonju parsley leaf/stem water, which fills the skin deep with Intensive moisture and helps soothing care for dry skin.

This products are patented as a composite for improvement or prevention of inflammatory disease containing fraction from water parsley ethanol extract as active ingredients, Which is supported by technical assistance of Jeonju AgroBio-Materials Institute.

Containing a large amount of vitamins A, B1, B2, and C, it relieves skin heat, soothes sensitive skin, and replenishes dry skin with nutrients and moisture.

Jeonju Minari masks are proven to be hypoallergenic and they can be used safely even on sensitive skin. Only EWG green-grade raw materials are used for all ingredients, so it can be used safely even on sensitive skin.

INSAM Moisturizing cream

It is a transparent gel-type moisture cream because it contains ginseng extract and yeast fermentation filtrate.

Ginseng flowers contain ginsenoside and saponin of ginseng, which are more active than leaves and stems, so they moisturize the skin.

Yeasts are rich in 20 kinds of amino acid that act as natural moisturizing factors, providing moisture.

It also contains wrinkle improvement and whitening functional ingredients.

DOUX TETE UP HAIR CARE SEAWEED SHAMPOO

Broadseaweed extracts has minerals and vitamins that help hair grow, which can solve hair problems, and remove impurities from the scalp without irritation to keep the hair smooth and healthy.

HUREV

Company Profile

HUREV is a leading manufacturer of medical consumables and aesthetic devices, offering a diverse product range. Their commitment to innovation and quality has earned them prominence in the industry, with a focus on customer satisfaction and setting new industry standards. HUREV is a trusted global name in medical and aesthetic solutions.

Products

The Water jet and iontophoresis system uses micro-sized nozzles for deep cosmetic solution infiltration into the dermis, inducing temporary inflammation but delivering benefits like pore tightening, wrinkle care, and improved skin.

Our RF Lipolysis device, powered by Focused RF technology, efficiently channels energy via a 4-channel sequential RF system deep into fat layers. Enhanced with Rhythmical Suction and Automatic Temperature Control for safety.

PluE+ is a portable plasma skincare device that delivers Real Nano Plasma energy, sterilizing skin bacteria, relieving acne, atopy, and dehydration-related itchiness. It also boosts cosmetic absorption by enhancing skin's hydrophilicity.

Our non-invasive skin resurfacing system combines cleansing, exfoliation, and hydration for comprehensive skincare. Customizable options, including Tornado and Rotating handpieces, provide powerful suction and peeling, delivering personalized, brighter, and clearer skin results.

JAMINKYUNG CO., LTD.

Company Profile

Founded in 2004, Jaminkyung Co., Ltd. operates under the philosophy of "pursuing beauty in harmony with nature." The company is committed to creating eco-friendly products that allow the skin to feel comfortable and maintain a healthy state continuously.

Products

The core ingredient of this luxurious cream is snail mucin, known for its remarkable skin-repairing properties. It smooths out skin texture, enhances elasticity, and hydrates the skin, increasing its moisture retention capabilities. But the cream doesn't stop there. It also contains peptides and lecithin, which further aid in improving skin elasticity. Three naturally derived ingredients—Tremella fungus extract, Macadamia seed oil, and Rice extract—provide robust moisture and nutrition, contributing to skin texture improvement,

The snail's mucin, which contains high moisturizing power and high nutritional ingredients, enhances the skin's natural strength and leads to moisturizing and glossy skin. It has dual functions for brightening and anti-aging with Niacinamide and Adenosine. It improves the barrier function of the skin by combining snail secretion.

Highly effective with 90% of bee propolis extract +8 kinds of hyaluronic acid: Contains 3 kinds of propolis (red, yellow, green), which is a natural anti-inflammatory ingredient, the ampoule helps to heal stressed skin and reduce redness. Since the ampoule is developed with a focus on the texture, even with the high percentage of ingredients and the viscous texture, it helps your makeup sticks well and doesn't feel oily and greasy.

Cooling Shampoo helps reduce the feeling of heat on the weakened scalp and makes hair healthy. It supplies nutrients with 3 independent patented ingredients and deeply cleanses hair with Apple mint, Tea tree, and Menthol. Also, it invigorates the scalp with AHA, BHA, and PHA and keeps hair volume and root lift during 48 hours. And it is a hypoallergenic shampoo refreshed with plenty of foam.

M.BASE M.BASE

Company Profile

M.BASE was founded in 2017 and marked its entry to the medical device market by manufacturing thread for facial tissue fixation. Later, M.BASE released its original brand, LUXX Series, with its original technologies and strengths obtained from continuous growth. After intensive research and investment on products adoption of various distribution types including OEM and ODM.

M.BASE successfully exported its products to 20 countries within 5 years from its foundation.

Products

PEPDIVA (SCALP)

This is a high-end skin booster that enhances moisture and strength within the skin. PEPDIVA product specialized for hair, containing growth factors that help activate and maintain hair and scalp in optimal condition.

PEPDIVA PLUS (FACE)

This is a high-end skin booster that enhances moisture and strength within the skin. PEPDIVA PLUS product specialized for the face, with additional ingredients such as collagen, elastin, and hyaluronic acid, which help restore the skin's natural energy, giving you a healthier and more radiant complexion

TM1 (PDO)

This item is made from Polydioxanone threads that are absorbed into the human body. It is a product produced using M.BASE's special press processing method and 360-degree rotation processing method. Compared to conventional threads, it has stronger tensile strength and provides a more stable procedure with fixation in four directions within the human body, resulting in reduced patient discomfort

TM1 (PCLLA)

This item is made from PCLLA threads that are absorbed into the human body. It is a product produced using M.BASE's special press processing method and 360-degree rotation processing method. These threads are a combination of PLLA (Poly L Lactide) and PCL (polycaprolactone) synthetic threads, preserving the advantages of each thread. While PDO (Polydioxanone) threads, which are currently widely used, provide effects within 6 months, PCLLA threads can provide effects for up to 2 years.

MANGOSLAB MANGOSLAB

Company Profile

Mangoslab is a company spun off from Samsung Electronics and developed 'Nemonic,' a sticky-note printer based on heat control technology. Mangoslab won the CES award within six months of its founding and since then continued to develop various ICT products. In 2022, Aesty, a cordless hair straightener, was released based on our accumulated micro heat control technology.

Products

Perfect ONE Pass Styling

In order to maintain healthy hair, it is important to reduce damage by minimizing styling time and applying consistent heat to hair. Aesty monitors heat regulation 150 times/second which prevent hair from being overheated and burnt.

Dual Heater

Two heaters in each plate shorten the preheating time to 40 seconds approximately and evenly distribute heat to hair allowing you to achieve perfect hair style without the need to repetitive pass.

30+Minutes of Cordless Styling

Samsung SDI battery leads to longer styling times plus faster charging and allows both cordless & corded use.

4 Adjustable Temperatures

Choose the optimal temperature 285°F to 410°F for your unique hair type

- 410°F: Curly hair
- 365°F: Thick and long hair
- 320°F: Smooth and silky hair
- 285°F: Thin Hair

It is a beauty device that allows skin beauty and treatment procedures without pain and side effects by alternating highdensity ultrasound waves of 1MHz, 3MHz, and 10MHz.

DWAVE

Using MFU(HIFU) & RF(1/2MHz) at the same time to give immediate improvement. Using focused ultrasound and radio frequency at the same time, it manages elasticity of skin on the outside & inside simultaneously.

TWAVE

Four modes that are optimized for my skin! 3Mhz, 10Mhz Dual Ultrasound energy massages epidermis, dermis and subcutaneous fat where the most changes in skin aging, to regenerate collagen in the skin to have lifting, moisturizing and whitening effects.

MEDICOSON MEDICOSON CO., LTD.

Company Profile

MEDICOSON Co., Ltd. is a company specialized in beauty and medical device that has unique patent technology in the field of beauty and physical therapy.

We Produce and sell medical and beauty devices combined with HIFU (High-Intensity Focused Ultrasound) and RF(Radio-Frequency). also, We are exporting medical device such as high-frequency stimulator for pain reducing. We are pursuing happiness and health for all humankind with our technology based on trust and creativity.

Products

Model : AXION

AXION is hyperthermia stimulator for pain relief and musculoskeletal disorder that adapted flexible pad type electrodes firstly in the world.

- Core body temperature by 2 MHz Frequency
- Automatic Impedance calibration
- No Gel! No Therapist!
- 2 Channel therapy

Model : DUOLIF

DUOLIF is 2 in 1 personal skincare device for lifting and tightening that combines HIFU and RF function in one device. Firstly HIFU energy can be penetrated deeply up to deep dermis and SMAS layer to make thermal coagulation for skin lifting and tightening and collagen remodeling. Then you can do RF treatment just by simple changing of cartridge. Especially DUOLIF uses premium 7MHz frequency to accelerate blood circulation and collagen remodeling by thermotherapy.

Model : FLOLIF

FLOLIF is a brand new product that is scheduled to be released in a second half of 2023 this year. It is a beauty device for personal use that can be used by replacing two types of cartridges according to the treatment area.

When using a face cartridge, it can maximize lifting effect of your face and can also improve wrinkles, reduce pore size etc.

When using a body cartridge, each part of the body has a great slimming effect, especially removing cellulite.

Company Profile

MODAM means Containing all of nature.

MODAM Global Nature has grown starting with the development of a solid shampoo bar for preventing hair loss so that we could solve one of the biggest troubles of modern people.

MODAM have tried our best to produce healthy cosmetics with natural ingredients that are beneficial to the human body and our creative fermentation and ripening technology with all our love for people and caring for nature.

Products

Natural Fermented & Ripen Solid Shampoo Bar

Manufactured 100% natural ingredients and contains fermented oriental herbal ingredients. All-in-one care for itching, dandruff, scalp troubles. For scalp care and deep root cleansing.

-World-class Product of Korea 2020

-Europe CPNP registration

-Certified Clinical Test Report by Korea Dermatology/Research Institute

-Certified Safety Test Report by KCL (Korea Conformity Laboratories) & KTR (Korea Testing & Research Institute)

Desire Volumizing Tubing Mascara

Formulation type : Volumizing, Tubing

Desire Volumizing Mascara is buildable texture with light-weight formula. This ultimate formula is more is more : more definition, more volume and more length to transform lashes into confident results. The mascara formula is removed by water just comfortable enough and Full smudge-approved as a perfect mascara for daily base. High black pigment and designed for easy apply application brush give you false lashes effect. From Japan QVC, Desire Volumizing Tubing Mascara will be launch soon.

Nanofiber Melting Patch(Stem Cell/Collagen/Botulinum)

3 types of nano-fiber melting patches containing stem cells, collagen, and botulinum components melt on their own from the moment they are attached to the skin, absorbing the active ingredients of the sheet into the skin, and are pleasant with excellent ventilation. The activation of nano-sized beauty ingredients 100 times smaller than pores is fast, so the skin absorption rate is high and fast, and about 12.5 million nano-component fibers are absorbed on one skin cell, so intensive care is possible.

Mask Pack - 3-step Ashwagandha Fermented Mask (Eye Patch) / 2-step Ashwagandha Fermented Mask / 2-step Natural Rose Absolute Hydrating Facial Mask

It is a high end mask pack made with high quality ingredients. The use of high-quality cupra sheets gives rich nutrition and intensive moisturizing effects with excellent adhesion without irritation.

- Whitening / Anti-wrinkle

neos:lab NS RETAIL CO., LTD.

Company Profile

neoslab suggests a solution that restores the lost balance by sending deep breaths into your skin. Our main products are serums, creams, eye masks, etc., and we are currently exporting to over 30 countries in the world.

Products

Neos:lab Liquid Enhancer Peptide

Highly condensed elasticity serum that keeps the shaking skin core and cares for the skin in firmness. The main ingredients are Adenosine & Acetyl Hexapeptide-8. They improve your wrinkle and help for the early aging care.

Neos:lab Liquid Enhancer Pycnogenol®

It contains pycnogenol, and tea tree leaf oil to help soothe the skin comfortably. It's a refreshing and moist texture that gently permeates the skin.

Neos:lab Essence Locker Lipidcera

High moisturizing cream that's comfortable for sensitive skin. It contains capsules containing active ingredients. If you apply it, it melts smoothly and hydrates your skin once more.

Neos:lab Shave Balm Panthenol 3%

It provides a comfortable shaving by forming a thin, acidic moisturizing film between the razor blade and the skin. Soap-free cream formula that forms a protective layer on the skin, it can be used for sensitive skin. It contains panthenol, which is effective for skin recovery.

PATCH HOLIC

Company Profile

PATCH HOLIC pursues the creation of healthy beauty values in a fun way. The patch and skincare brand provides brief rest and stability away from various stressful situations of modern people and from harmful elements to skin existing in cities and multiple activities to ensure healing in daily life.

Products

WATERMELON MOISTURE GEL CREAM - Contains watermelon extract full of moisture, which has an excellent skin soothing effect and satisfies the skin's thirst from within.

YUJA BRIGHTENING SLEEPING MASK - This sleeping pack is rich in vitamin C and contains Citron, which helps rejuvenate tired skin while providing exfoliation and brightening effects.

Collagen Film contains 99.86% of New Zealand's clean marine collagen & low-molecular-weight collagen, and 0.14% of hyaluronic acid. It is nano-sized, which is 1/304 the size of a hair, and has excellent absorption into the skin, improving skin wrinkles and creating elastic skin.

Contains vegan collagen extract instead of purified water, replenishes the collagen lacking in the skin and provides perfect elasticity, moisturizing, and lifting care.

Four different serums are prescribed depending on your skin type to provide the effects of elastic pore care, whitening, radiance, and moisturizing to care for your skin.

Company Profile

At Pinky Cosmetic, we prioritize the well-being of children by ensuring that our products meet the highest safety standards. The majority of our products have received an EWG Green rating, demonstrating our commitment to producing items that both mothers and children can trust and be satisfied with.

Products

Pinky Paint is a water-based nail paint, designed with an array of 14 vibrant hues. Unique and safe for both children and pregnant women, it spares the user the hassles associated with traditional nail polish. This is a peel-off product, eliminating the need for potentially damaging removers. With Pinky Paint, the nails are not just a canvas, but a medium of safe and effortless expression.

Pinky Lip Crayon is a nourishing lip balm that doubles as a coloring crayon. The product's richness comes from a blend of vegetable oil and naturally derived ingredients. Available in three color options, it promises to amplify the natural beauty of young lips. The safety of this product is proven by a Skin Irritation Test conducted in 2020, which confirmed it as 'Non-Irritating'.

Pinky Kitten Coco Kids Mask Sheet emerges as a boon for children's skincare. The first of its kind, this mask sheet boasts of 5,400ppm of hyaluronic acid, an ingredient renowned for its moisture-retaining capabilities. The mask sheet is designed with a captivating cat motif, turning skincare into a fun experience for kids. Furthermore, its ingredients all bear an EWG Green rating, ensuring its safety.

Introducing Pinky Tonky Bubble Party! Transform your children's bath time into a burst of pure joy. We've carefully adjusted the pigment and fragrance to ensure it's gentle on our little ones, while enhancing its delightful texture. It's the fluffiest experience on earth, and even parents can join in on the bath time fun with their children.

VITAMIN LED VITAMIN LED

Company Profile

VITAMIN LED is moving forward to provide human care products with the power of safe and healthy light, which is a value beyond human beauty.

We develop and sell completely new LED lighting solutions based on differentiated new semiconductor technology. We are building a competitive lighting lineup by specializing in light, the most important factor in light therapy. By using the dual functional serum and LED beauty device together, you can see amazing effects such as whitening, wrinkle improvement, skin radiance improvement.

Products

Face skin care is essential, but hand care is equally important. It's never too late to start. You can easily and effectively care for your hands with Cell-Regen LED.

Point 01: Illuminate Deeper and Brighter

With patented technology, Cell-Regen LED brings out radiant, healthy skin from within. Traditional LED skin care devices often suffer from issues like heat and a limited lifespan, resulting in weak and inadequate light. In contrast, Cell-Regen LED resolves heat issues, providing a longer lifespan and more potent results.

Point 02: Easy Accessibility for Daily Care

Cell-Regen LED fits seamlessly into your daily life. Whether you're at work, reading a book, or watching TV, you can incorporate daily skin care without setting aside dedicated time. Its convenience allows for consistent use, promoting a steady skincare routine.

Point 03: The Most Effective Wavelengths

We've harnessed the wavelengths most ideal for your skin, with the highest absorption rates within the body. P&K Skin Research Center has completed in vivo testing, demonstrating improvements in skin texture and radiance.

ORJENA WANNABE COSMETIC CO., LTD.

Company Profile

Wannabe Cosmetic is a professional export company of Korean cosmetics that was established in 2009. Our main business range are Our own brand business ORJENA, OEM/ODM service and Export agent. ORJENA brand, we are given a favorable reception after launching in Korea, USA, UK, Germany, Russia, Poland, Spain, Romania and other 37 countries.

Products

ORJENA Rejuve Glow Yuja Overnight Mask moisturizes skin during sleep for a convenient and efficient way of skin care. Contains Niacinamide, type of Vitamin B3 that inhibits melanin pigmentation for brightening and glow effects.

ORJENA Vitamin Brightening Micellar Cleansing Water removes invisible fine dust, sebum, and other impurities, revealing a brightened skin tone for a vibrant complexion. Its micelles work gently to preserve your skin's natural moisture and keep it hydrated throughout the cleansing process.

ORJENA Power Collagen Cream contains a patented Amino Acid Complex that rejuvenates the skin, revitalizing aging skin cells and enhancing their health. Additionally, Italian Senna leaf extract, known for its antioxidant properties and ability to make the skin more elastic, contributes to improving wrinkles.

ORJENA COMFORT AIR FIT BB CREAM contains light oil complex & Polymer Elastomer gel that helps to apply delicately onto skin to create a smooth skin texture.

- Long-lasting cover with no greasy feeling.
- Helps improve skin elasticity.
- #Light Nude #Nude

WELBORN CO., LTD.

Company Profile

WELBORN is a cosmetic company that specializes in marketing. We communicate with customers through various media and on-line channels. WELBORN launches trendy and scientific brands and products to promote K-beauty to the world. We currently operate successful brand, CHEONGDAM STYLE. The brand's representative products include an air iron, hair dye shampoo, etc.

Products

Black Change Shampoo

Just use Shampoo!.Dyeing is easy as shampooing your hair. Use only for 5 days. Your grey hair will be back to black.

The Salon Color Expert

Self-dyeing that anyone can easily do at home! A clear, long-lasting, and the simplest hair dye infused with hair salon expert's know-how.

Double Action Brush

If you brush your hair easily it gives volume. The rear heat plate provides a strong curl for styling. Just 3 steps! Comb or roll the roots of the drooping hair on the opposite direction to revive the volume. You can curl the ends of the hair the parts you want.

Auto Rolling Brush

It is a brush made in consideration of the shape of the head. Curved brushes create natural waves of various sizes.

YADAH YADAH CO., LTD.

Company Profile

We started Yadah to develop clean and natural cosmetics in 2011 that would effectively treat and prevent further trouble on skins. As all wish, skincare products should be effective and safe to use without side effects for healthy skin. With that principle Yadah was started and still remains as the core foundation. YADAH means 'TO BE WISE' We choose to make skincare products with clean and honest ingredients.

Products

YADAH GREEN TEA PURE CLEANSING BALM

The formula contains plant-based oils and Green Tea Powder, resulting in a smooth, sherbet-like texture that turns into oil when applied to the skin and watery milky when water is added. Designed to remove (waterproof) makeup, sunscreen, and other impurities effectively and easily without stripping the skin's natural moisture, leaving the skin moisturized, smooth, and soft. No harsh rubbing is required.

YADAH GREEN TANGERINE VITA CLEARING SERUM

A clearing serum that delivers transformative clearing results with the power of Jeju Green Tangerine. This powerhouse ingredient is rich in antioxidants and ascorbic acid (Vitamin C), promoting a bright and youthful complexion and diminishing dark spots by boosting collagen production.

YADAH CACTUS GREEN HYDRA SERUM

A highly effective, water-type serum with a unique feature - a carefully crafted oil ball enriched with the nourishing properties of cactus extract and hyaluronic acid that penetrates deeply into the skin to replenish moisture, leading to a plump and youthful appearance.

YADAH CAMELLIA RED YOUTH SERUM

A daily serum that offers a multitude of benefits to the skin by harnessing the goodness of the Camellia plant. Incorporating Camellia Flower Water and Camellia Seed Oil, the serum provides ideal antioxidation and moisture to protect the skin from environmental stressors and to keep a youthful look.

ZENS
International

ZENS INTERNATIONAL CO., LTD.

Company Profile

Established in 2012, ZENS International Co., Ltd. mainly manufactures and distributes Cosmeceutical Products such as solutions and Medical Devices such as fillers. We strive to make aesthetic products accessible with the help of our trusted partners. We also aim to continuously develop products that matches the needs and trends in the industry.

Products

Boost your skin to its maximum capabilities with Belleza Care Skin Booster, a toner that preps your skin for the next step of your skin care routine. Boost the following and boost your skin's potential with the help of Hyaluronic Acid, Glutathione and PDRN

Colorful, due to natural plant extracts; Belleza Care Color Therapy is an ampoule that aims to help your skin in three different ways : Red – Brightening, Yellow - Wrinkle relief, Blue - Soothing and Moisturizing

Bellezacare Lipo Solution is a solution made mostly of natural ingredients such as carnitine and other key ingredients that help with lipolysis and skin tightening.

Our DeFAT+ Solution is made of Deoxycholic acid that does not give temporary, but permanent effects as fat cells are not dormant and shrunken. Instead, they are eliminated through the destruction of their cell membrane. Afterwards, they are disposed through lymphatic circulation, while encouraging the production of collagen in your body.
