# 5C *cosmoprof Asia* *centdegrés 法尚* *colors* *crystals* *colognes*

The 5C interweave and integrate,  
making the fragrance not only a sensory enjoyment  
but also a carrier of transmitting beautiful energy.

The 5C concept is a new dimension of fragrance  
jointly created by **COSMOPROF ASIA** and **CENTDEGRÉS法尚**.

As a link in the global beauty industry exhibitions,  
**COSMOPROF ASIA** builds a cross-border bridge for this  
fragrance exploration; **CENTDEGRÉS法尚**, with its professional  
strength, endows the fragrance with a unique soul.

---

The fragrance itself, moreover,  
carries **3 core characteristics**:

## **COLOR**

is its visual language, and each vivid color echoes  
the character of the fragrance notes;

## **COLOGNE**

is its olfactory core, and the curling aroma  
outlines countless artistic conceptions;

## **CRYSTAL**

is its energy symbol, which, like a clear crystal,  
brings clean and positive energy to users.

---

We are joining hands with **MANE** and **BOITOWN** for  
this **5C** concept olfactive interpretation, through **5 fragrances**,  
which represent **5 elements** of Chinese culture:  
Wood, Fire, Earth, Metal, and Water.

Known as **Wu Xing (五行)**, this philosophical concept describes  
the dynamic interactions and relationships between these  
fundamental forces in the universe, influencing traditional  
Chinese medicine, philosophy, and other fields like Feng Shui.

# The Italian Essence Inspiring the World

BEAUTYSCENARIO

NICHE FRAGRANCES & INDIE BEAUTY

*Vanessa Caputo Founder of BeautyScenario.com  
Author, Niche Perfumery expert & Indie Beauty Curator*

At the heart of Italian creativity, **Vanessa Caputo** turns fragrances into stories and ingredients into emotions.

From fashion journalism in some of the most important women's magazines to founding **BeautyScenario.com**, she explores the world of artistic perfumery and indie beauty with a discerning eye.

Through BeautyScenario.com, she interviews leading voices – from masters of perfumery to new talents – and maps evolving trends with an international perspective.

Her voice extends to publishing with “Profumi. La via italiana all'essenza”, published by a well-known Italian publishing house, a book that celebrates Italy's excellence in perfumery, from heritage to contemporary innovation.

She is also the founder of **Umore Parfums**, a niche fragrance brand.

In the global context of **Cosmoprof Asia**, Vanessa builds a bridge between Italian expertise in niche perfumery and Asia-Pacific opportunities: a refined dialogue between cultures, visions, and markets.
