(Please consider the spotlight holder at the top of the wall panel, supporting pole at the corner and in the frontage (if any) of the stand when consider poster, foamboard arrangement, see drawing for reference.)

IMPORTANT INFORMATION FOR EXHIBITORS REGARDING THE READY STAND PACKAGES

- To maintain the overall ready stand image, stand constructions including the stand fascia, stand wall and carpet must be retained. However, should exhibitors wish to revise the fascia design (Such as adding company/ brand logo or change the carpet color, please contact Official Stand Contractor for a separate quotation.
- The specification details for all sizes of Ready Stand packages are listed in a table on the previous page.
- Every 6m frontage requires a pole (provided free of charge by the Official Stand Contractor).
- If the Exhibitor wishes to relocate or remove any items of his supplied Ready Stand, it is necessary for him to redraw his revised stand layout on Form 4f. Provided that sufficient prior notice is given to the Official Stand Contractor, such changes can be made free of charge. Removed/ unwanted Ready Stand items cannot, however, be exchanged for other items.
- A charge will be levied by the Official Stand Contractor for any on-site removal or relocation of items from the supplied Ready Stand.
- If the exhibitor orders any additional items without attaching their location plan (Form 4f). AMC (Exhibits) Ltd will position the ordered items as it sees fit.
- No nailing, drilling, painting or fixtures of any kind are allowed on the partitions, floor, ceiling or any hall/stand structure. Should exhibitor require affixing poster / foamboard on the ready stand panels, only Velcro may be used and this must be removed completely when the show is finished. Should any damage occur, it is the exhibitors / appointed contractor's responsibility to meet the costs involved. (Please refer to next page for further details.)
- No fixtures or nails are permitted to any part of the Exhibition Centre and Exhibitors must ensure that arrangements be made in their own designs for all parts of their work to be self-supporting and secure.
- Any features or graphic panels on stands are not permitted to encroach the common air space outside the area booked and should remain within the boundaries of the stand. The Organisers have the right to authorize dismantling or rebuilding of any stand which does not meet this regulation.

Ready Stand Exhibitors are strongly advised to contact the Official Stand Contractor to check the exact dimensions of wall panels, showcases, etc, if interior decorations are to be made. (e.g. posters, stickers, etc.)

Dear Exhibitors

This is to advise all exhibitors that lamination of graphics (wall papering) directly on the system panels, using screws, nails, double-sided adhesive tape that will cause damage to the panel walls is strictly prohibited. Exhibitors are responsible for removing the laminated graphics and restore the panel system at the close of the show. A restoration fee will be charged to exhibitors for damage to panel walls.

Using proper materials and procedure will allow graphic to be applied correctly. The following materials for laminating graphics are strongly recommended.

Namely:

- A** Velcro Tape / Magic Tape **B** Good quality double-sided tape **C** S Hooks

Here is how to use Velcro Tape / Magic Tape to laminate graphics:

A Velcro Tape / Magic Tape

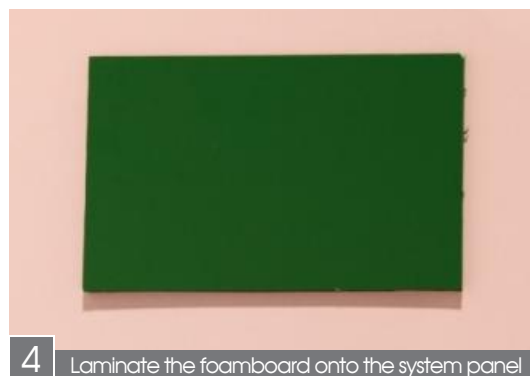

1 Prepare Velcro Tape/ Magic Tape

2 Use Velcro Tape on the back of foamboard

3 Put Masking Tape on the system panel

4 Laminate the foamboard onto the system panel

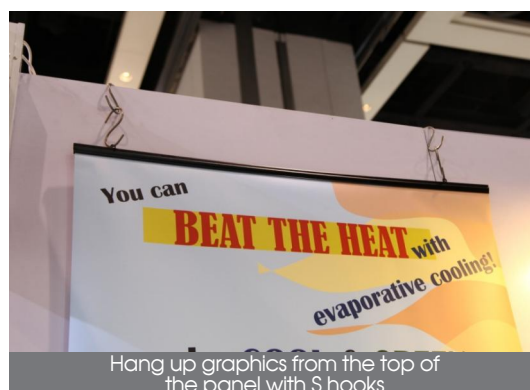

Can also use good quality double-sided tape or S Hooks

B Good quality double-sided tape

Note: please use Masking Tape on the system panels

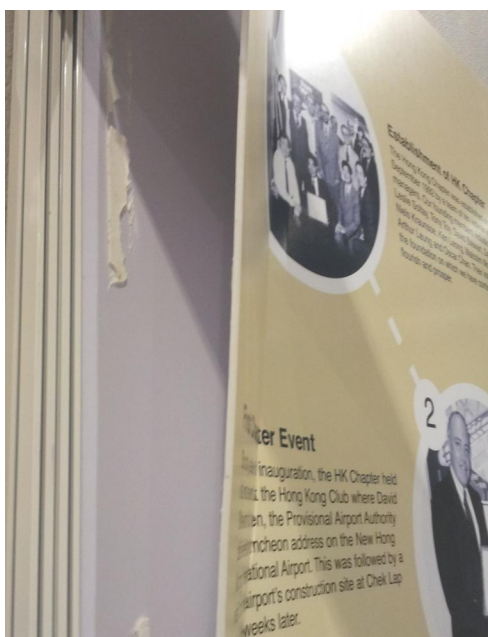

C S Hooks

Hang up graphics from the top of the panel with S hooks

Here are some examples of lamination of graphics and applying double-sided adhesive tape (wall papering) directly on the system panels and the damage caused.

Double "Foam" Tape / Lamination of low quality sticker directly onto panels

If the panels are damaged, a restoration fee of HK\$2,000.00 will be charged per panel.

*Velcro Tape / Magic Tape, good quality double-sided tape or S Hooks are available for sale at the onsite service counter.

Thank you for your understanding and co-operation.

Yours faithfully

 AMC (Exhibits) Ltd
